

CHRISTOPHE CHUPOT - Head of Asset Management and Chief Financial Officer - REED MIDEM

Mr. Chupot has more than 15 years of executive experience in finance across several companies and countries.

He is currently the Head of the Asset Management Department at Reed MIDEM, and leads the launch of a series of events aiming at becoming the reference in the Asset Management industry. Both the Thought Leadership Summits, and later on a marketplace, bringing together business leaders and key decision-makers of the industry will hopefully become a reference within the industry. In addition, he is the CFO of Reed MIDEM, a global leader in the organisation of international, professional markets.

Previously, Mr. Chupot spent 12 years in various financial positions in the automotive industry, initially with Renault, with a large international experience in the Internal Audit department. More recently, he held a variety of executive positions at Valeo, first in Corporate Finance at the Group level in a highly developing and demanding context, then as Finance Director of various subsidiaries in different South American and European countries such as Argentina (3 years) and Italy (2 years).

Mr. Chupot is an experienced finance professional both in industrial and services sectors, where he now brings his international expertise to the international leading position of Reed MIDEM.

He has an engineering background and then earned an MBA from ESSEC Business School in Paris. He lives with his family in Fontainebleau, close to Paris.
